

# Clean-It “Enzyme”

~ Anti-Bacterial Cleaner ~

Part # 227

## Description

Protect-It Car Care’s Clean-It “Enzyme” is the ultimate odor control for hard to remove stains. When used properly Clean-It “Enzyme” will destroy such bacteria as vomit, urine, milk, etc.. Clean-It “Enzyme” contains an active ingredient of live bacteria. These highly developed bacteria strains are blended in a synergistic combination of different strains, which complement each other for maximum effectiveness.

## Directions

Protect-It Car Care’s Clean-It “Enzyme” is a ready to use cleaner. For best result spray a liberal amount of Clean-It “Enzyme” directly on the source of the odor. Follow up by placing a damp warm cloth over the area for a 24 hour period. This will enhance the growth of the “good bacteria” to combat the odor. When there is no odor left for the “good bacteria” to feed on the enzymes will simply break down and die. Leaving behind a bacteria free area.

## Available Sizes

- 1 Gallon (3.79 L) - Part # 22701
- 5 Gallons (18.9 L) - Part # 22705
- 55 Gallons (208.2 L) - Part # 22755

## First Aid

### FIRST AID: EMERGENCY PROCEDURES

**Eye Contact:** Immediately flush eyes with plenty of water for at least 15 minutes while holding the eyelids apart. Contact lenses should be removed if initial flush doesn't wash them out. Get medical attention if reddening persists or irritation continues.

**Skin Contact:** Wash skin thoroughly with soap and water. If irritation persists, get medical attention.

Change contaminated clothing and launder before reuse.

**Inhaled:** Remove to fresh air.

**Swallowed:** DO NOT GIVE ANYTHING BY MOUTH TO UNCONSCIOUS PERSON. DO NOT INDUCE VOMITING, unless directed to do so by medical person. Give two glasses of water and get medical attention immediately.
