

Renew-It “Bumper”

~ Thick Silicone Gel ~

Part # 241

Description

Protect-It Car Care’s Renew-It “Bumper” is a pure silicone gel designed to restore rubber trim back to it’s original factory black sheen. Renew-It “Bumper” works great on the following surfaces: Bumpers, molding, window trim, vents, etc.. This is a non greasy formula that helps form a barrier against the elements and will not attract dust.

Directions

Apply a small amount of Renew-It “Bumper” gel onto a foam or microfiber applicator. Apply a thin coat across the trim surface, just enough to moisten the surface is all you need. Renew-It “Bumper” Gel absorbs fast so no sling-off will occur. For less gloss, follow application of gel by wiping down with a clean dry towel. For a higher level of shine & sheen, wait till Renew-It “Bumper” dries then apply another coat. Repeat until satisfactory results are achieved. It is recommended you allow an hour for the gel to cure.

Available Sizes

- 32 oz. (.95 L) - Part # 24132

First Aid

FIRST AID: EMERGENCY PROCEDURES

Eye Contact: Immediately flush eyes with plenty of water for at least 15 minutes while holding the eyelids apart. Contact lenses should be removed if initial flush doesn't wash them out. Get medical attention if reddening persists or irritation continues.

Skin Contact: Wash skin thoroughly with soap and water. If irritation persists, get medical attention.

Change contaminated clothing and launder before reuse.

Inhaled: Remove to fresh air.

Swallowed: DO NOT GIVE ANYTHING BY MOUTH TO UNCONSCIOUS PERSON. DO NOT INDUCE VOMITING, unless directed to do so by medical person. Give two glasses of water and get medical attention immediately.
